

PUBLIC NOTICE OF A MARKET SURVEY AIMED AT SERVICE AWARDING FOR THE YEAR 2026

With this public notice the Embassy of Italy in Bangkok intends to carry out a preliminary market survey aimed at identifying, in compliance with the principles set by D. Lgs. 36/2023 and D.M. 192/2017- and in particular transparency and turnover, Companies to whom to send quotation requests for the following services for the year 2026:

- 1) cleaning (Embassy only)**
- 2) non-armed surveillance (Embassy and Ambassador's residence)**
- 3) pest control (Embassy and Ambassador's residence)**
- 4) gardening (Ambassador's residence only)**
- 5) maintenance of swimming pool (Ambassador's residence only)**
- 6) maintenance of air conditioners (Ambassador's residence only)**

Said services will be awarded in a disjointed way: one contract for each service. Furthermore, this is to underline that the survey has exclusively exploratory purposes and is aimed at identifying companies operating on the local market. The Embassy could by its decision choose not to carry out the assignment procedure.

Interested Companies are kindly requested to inform the Embassy sending an email to contabilità.bangkok@esteri.it within October 31st, 2025, with indication of their details (name, address and tax ID) and contacts (telephone and e-mail) and the service they are willing to offer, amongst those listed above.

The Embassy will subsequently send the Companies an official quotation request, with detailed information regarding the services needed.

Bangkok, 16 October 2025

Paolo Dionisi
Head of Mission
