Phuket International Airport Parking

Parking at [Phuket Airport](#) is made available via a multi storey car parking facility, which is directly opposite the new international terminal. Vehicles are allocated spaces over five floors, where both long- and short-term parking is handled. Customers can also choose VIP parking, where an attendant takes care of the actual parking of your vehicle.

It's cheaper to park in long-term parking and pre-booking can result in further savings. The Airport Information Stand can advise (+66 76 327 230, ext 1100, 1111 or 1122). Generally speaking, [a day's parking costs around 200 THB \(1 Euro = 37.56 THB\)](#).

Disabled parking is available at both exit and entry points of the parking facility.

Ladies Only Parking spaces are available on the 3rd floor. A mini bus takes customers to their departure terminal.

Phuket is not a large island. About an hour's drive will take you from Kata Beach resorts to the airport (47.4 km distance). Patong is a 53 minute trip one-way. Phuket City is a 40-minute drive from the airport, approximately 32 km distance. The beaches of Mai Khao are just 8 km distance from the airport, roughly an 18-minute trip by car. Chalong lies a 40 km distance from Phuket Airport, a 50-minute journey.
